The following chart presents information on the recruitment of first-time, first-year students for a period from fall 2004 to fall 2011. Acceptance rate (number of acceptances divided by number of applications) and yield rate (number of enrollees divided by number of acceptances) are presented. Also included are charts showing first-time, first-year students’ academic and demographic information.

Note: Data provided by Admissions Office

*Note: Undecided = 5%; Majors with 1% or less not on the list
