Admissions – New Transfers

The following chart presents information on the recruitment of new transfer students for a period from fall 2007 to fall 2011. Acceptance rate (number of acceptances divided by number of applications) and yield rate (number of enrollees divided by number of acceptances) are presented. Also included are charts showing new transfer students’ academic and demographic information.

New Transfer: Fall 2007 - Fall 2011

Note: Data provided by Admissions Office

Transfer Students by Major: Fall 2011*

*Note: Undecided = 4%; Majors with 1% or less not on the list
Admissions – New Transfers
