Our Lady of the Lake University’s annual Fact Book provides both current and historical frequently requested information. The Office of Institutional Research and Assessment produces this resource to promote the use of reliable data in planning and assessment. It contains a broad spectrum of information about the past and the present, and its primary purposes are to promote organizational understanding and inform decision making. In its ongoing effort to provide timely and accurate information, the office of Institutional Research and Assessment will continue to refine this document each year and welcome your comments and suggestions for improvement.
