

## Presidential Search Update

We are pleased to report that the search for the university's next president is progressing very well and on schedule. The Presidential Search Committee recently met and continued its multi-stage process to identify candidates whose backgrounds and experiences seem especially well-matched with the qualities and qualifications established for the search. At this gathering, the search committee chose to advance a diverse group of talented and experienced leaders for confidential and preliminary interviews.

The committee will meet again in early December to interview these candidates and to identify a smaller number of semi-finalists for reference checking and a second round of conversations.

On behalf of the search committee, we thank you for your continued support and wish you a blessed Thanksgiving.

Sincerely,  
Steve O'Donnell and Rosalinda Garcia  
Presidential Search Committee Co-Chairs
