

## Presidential Search Update: Meet the Candidates Visiting Campus

Dear OLLU Community,

As you know from our previous Presidential Search updates, the final phase of our recruitment effort includes an invitation to select candidates for campus visits. We are pleased to report that the finalist group has been identified, and their interviews will be held on the San Antonio campus between Jan. 10-14, 2022.

The purpose of these campus visits is two-fold. First, they will enable us to become better acquainted with the candidates. Second, and perhaps just as important, the visits will provide an excellent opportunity for us to demonstrate the strengths and benefits that Our Lady of the Lake University and its community offer our new president.

We will share venue information ahead of each of the visits as well as internally and confidentially detailed biographical information about the candidates. For now, please save these dates on your calendars.

### **Candidate 1**

Monday, Jan. 10

9:30-10:20 a.m. -- Open Meeting with Community
