Survey to Gather Community Input

Individuals who were unable to attend a forum or who are interested in contributing more feedback can share their thoughts via the stakeholder survey. Input from the entire OLLU community is essential at this early stage of the search. Your thoughts about the university's priorities and the qualities, skills,

and experiences you will be looking for in the next president are important to the search. Students, faculty, staff, alumni, and friends of the university are encouraged to take a few minutes to complete a confidential survey, found here: <https://www.surveymonkey.com/r/OLLUPresidentialSearchSurvey>.

You also are urged to suggest people you know who could serve effectively in this critically important position, or those you think might know of potential candidates. Please add your suggestions on the survey or forward their names to Julie and Lindsay at OLLUPresident@storbecksearch.com.

After gathering information from the campus, the consulting team, in conjunction with the search committee, will create the search prospectus, an important document that will describe the university, as well as the leadership agenda for the next president. This profile will be an important recruitment tool as the search moves forward.

Thank you in advance for your support and participation in the search process. At any time during the search, please feel free to email PresidentialSearch@ollusa.edu with questions related to the presidential search. Your questions and comments are welcome and appreciated.

Sincerely,
Steve O'Donnell and Rosalinda Garcia
