They will be working with co-chairs Dr. Stephen Salako and Anne Gomez. Their service on this committee is crucial for our university.

A Provost Search section has been added to our website. It includes a link to a prospectus with details on the opportunity and a link to the full job description and application. It also includes a search timeline and a section for communication updates. It can be viewed at www.ollusa.edu/ProvostSearch.

I strongly encourage you to share the attached position brief or the link above through any networks with which you are affiliated. Share this opportunity widely to assist us as we build a strong candidate pool.

It is my goal for this to be an inclusive and transparent process. I know this excellent Search Committee will work hard to represent the university community and ensure opportunities for participation throughout the process.

I hope you will take the time to express your appreciation to these committee members as they embark on this extremely important work for OLLU.

Sincerely,

Abel A. Chávez, MBA, PhD
President
