## Update on face coverings

In May, OLLU began the process of ordering branded face coverings for the community. Known as “Bammies,” these were listed as acceptable face coverings at the time of the order. A study published this week indicates that the “Bammies” are not adequate for preventing the spread of COVID-19. While the “Bammies” can be used for a number of other purposes, including hair band, hair tie and scarf, the current recommendation is that they should not be used as a face covering.

A limited number of the "Bammies," branded with the OLLU 125th anniversary logo, have been distributed on campus. If you need an alternate face covering, please stop by the Welcome Desk in Main Building or the Circulation Desk in the library to pick up a disposable mask.
