* Programs are only required to provide data on the past 10 years/cohort or since the program was initial accredited, whichever is shorter. ** Programs should report graduation rates for program's Advertised Length of Completion. The Advertised Length of Completion is how long the program is designed to complete as written.

***This is defined as the percentage of graduates from the cohort year listed that are employed within 3 years of their graduation utilizing skills learned in the COAMFTE accredited program. Masters and Doctoral programs are required to provide this information. Post-Degree programs are encouraged to share this with the public.

**** Master programs are required to provide this information. Doctoral and Post-Degree programs are encouraged to share this with the public. For Master's programs only, COAMFTE has established a benchmark of 70% pass rate for each cohort. Programs in California can use the California Law and Ethics exam for MFTs to meet this requirement.
